

2 Deck Inclined Screeners

TS2430 2 Deck Screener

14' x 5' Deck Size

TS2430

With a 14' x 5' (4.2m x 1.52m) Screenbox, the TS2430 fits into a unique screener class. It is ideal if you want more from your machine but don't want excessive running costs. In fact, this machine's superior design means it can easily produce comparable capacities to some of its larger competitors.

With the unique design of its hydraulic screenbox linkage and mesh wedge system, maintenance and downtime are significantly reduced therefore saving you money.

Excelling across a wide range of applications - especially fine sand screening - the TS2430 will amaze you with the quality and quantity of product it can produce. So, if you want more capacity from your screener but don't need a large machine then the TS2430 is a perfect match.

Features & Benefits

- 14' x 5' (4.2m x 1.52m) Screenbox produces Capacities Comparable to Larger Machines
- 48" (1200mm) Feed Conveyor ensures High Capacity, High Quality Screening
- Hydraulic Screenbox Linkage System ensures optimum screen coverage at varying angles
- This machine works exceptionally well across a Huge Range of Applications

Specification

Max Feed Capacity	Engine Size	Top Deck	Bottom Deck	Middle Deck
500 T/H*	CAT 100Hp (75Kw)	4.27m x 1.52m (14' x 5')	3.66m x 1.52m (12' x 5')	-

*Depending on material density and screen set up

Dimension Specification

Transport Dimensions			Working Dimensions		
Height	Width	Length	Width	Length	Weight (Est.)
3400mm (11' 2")	2900mm (9' 6")	16,520mm (54' 2")	15,840mm (52')	17,320mm (56' 10")	27,200kgs (59,965 lbs)

Engineered for Power, Built to Last
