TESAB

HIGHLY MOBILE COMPACT JAW CRUSHER

The Tesab 500i compact jaw crusher is the perfect solution for projects with small footprints but big requirements.

This versatile, mobile crusher is nimble in small spaces, and can continue moving while crushing. The 500i's small footprint is uniquely suited to demolition; recycling; aggregates and smaller scale construction projects. Less than 2.5m wide, the crushers can be transported easily from site to site.

This new product boasts flexibility, it can convert to a recirculating jaw crusher in under one hour, when purchased with Recric Option. See 500IR.

FEATURES & BENEFITS

- 890mm (35") x 500 (20") single toggle jaw
- Crawler Tracks
- Integrated hydraulic folding stockpiling conveyors
- I-beam plate fabricated chassis construction
- Open chassis design for ease of maintenance
- Fast setup time

JAW CRUSHER
